Please help find the manual for this Peg-Perego High Chair. Peg-Perego High Chair Arcore (M1) 1 20043. Peg-Perego Prima Pappa Diner High Chair. Peg-Perego High Chair 51755. Prima Pappa DT USA high chair, date on chair. To remove the tray, pull the lever and at the same time push the tray towards yourself until it disengages. 6 The high chair has a double tray. The top tray can easily be washed in a dishwasher. To remove it, detach it from the lower tray and lift it up (fig. a). To fix the tray on the rear supports of the high chair, align and engage it with the attachments provided (fig. b). When the high chair is closed, the tray cannot be attached to the rear supports. 7 FIVE POINT SAFETY HARNESS: to close it, insert the two waist strap buckles (with attached shoulder straps) into the crotch strap until they click into position (fig. a). To release it, press the two sides of the buckles and at the same time pull the waist strap outwards (fig. b). To tighten the waist strap pull from both sides in the direction of the arrow (fig. c), to loosen do the opposite. The waist strap can be tightened up to the safety stop (fig. d). 8 The shoulder straps can be adjusted to two different heights. Unfasten the safety belt from behind the backrest by pushing the buckle downwards (fig. a) and unthread the strap from the cover (fig. b). Insert the strap buckle into the other slot in the backrest (fig. c) and reattach the buckle, pulling the strap until it clicks into position (fig. d). 9 ADJUSTING HEIGHT: the high chair can be set at 7 different heights. To raise it, take hold below the tray and pull upwards (fig. a). To lower it, press the two side buttons at the same time and move to the required height (fig. b). This can also be carried out with the child in the high chair. 10 RECLINING BACKREST. The high chair can be reclined in four positions: for eating, playing, resting, or sleep. To adjust it, raise the handle behind the backrest (fig. a) and lock in the required position (fig. b). This can also be carried out with the child in the high chair. 11 CLOSING AND REOPENING THE TRAY: to close the tray, pull it to the third position indicated with the red markings (fig. a), push down button 1 (fig. b), push down button 2 (fig. c), and at the same time rotate the tray upwards until it locks (fig. d). To reopen the tray, push down button 2, rotate the tray downwards and set it in the first or second position. 12 FOLDING: before folding up the high chair, close the tray, move the backrest to the upright position, lower the seat to the lowest position, and close the footrest. To fold up the high chair, release the safety device by turning it in the direction of the arrow and then press the pedal (fig. a). At the same time take hold of the seat and fold it by pulling it upwards (fig. b). The high chair is freestanding when folded up. 13 REMOVING THE COVERS: to remove the high chair covers, unthread the harness straps from the backrest (fig. a) and from the seat (fig. b). Fully recline the seat to unbutton the covers from the sides of the backrest (fig. c), unbutton from the inside of the armrests, and slide the cover upwards to remove it. 14 PACKING POSITION: in order to return the high chair to its "packing position" (for transport purposes, or to put it back into its box), proceed as follows (a small screwdriver is required). Remove the tray, move the backrest into the upright position, lower the seat to the lowest position, and close the footrest. Press the side button (fig. a), at the same time inserting the screwdriver into the slot, and push towards the right (fig. b). Repeat the same operation on the other side (fig. c), pushing the screwdriver towards the left (fig. d) and lower the seat to the bottom (the non-usable position). Then fold up the high chair and put it into its box. CLEANING AND MAINTENANCE PRODUCT MAINTENANCE: protect from the weather: water, rain, or snow; prolonged and continuous exposure to bright sunlight may give rise to colour changes of various different materials; store this product in a dry place. CLEANING THE CHASSIS: periodically clean all plastic parts with a damp cloth. Do not use solvent or similar cleaning products; keep all metal parts dry to prevent rusting; keep moving parts clean (adjustment mechanisms, locking mechanisms, wheels, ...) and free of dust and sand and, if necessary, lubricate with light machine oil. CLEANING THE SACK: Wash with a damp cloth and neutral detergent. Do not wring. Do not use chlorine bleach. Do not iron. Do not dry clean. Do not use solvents for stain removal. Do not spin dry. PEG-PÉREGO S.p.A. Peg Pérego can make changes at any time to the models described in this publication for technical or commercial reasons.
